Details about road works

Dear Sir/Madam

Work to repair the A421 at Castle Mill Bridge, near Bedford

We are working on behalf of Highways England to repair bridge joints on the westbound A421 near you. This work will repair the joints as the A421 passes to the south east of Bedford, at Castle Mill.

Subject to weather conditions, we plan to complete this work overnight **between Monday 5 and Friday 9 December, working between 20:00 and 06:00**. We apologise for any delays this may create for your residents, parishioners and staff.

To keep road users at a safe distance from the works, we will close the A421 between the junction with the A4280 St Neots Road and the junction with the A603 Cambridge Road while we are working. Drivers will be diverted to:

- Take the A1 southbound to the Sandy roundabout, then
- take the A603 westbound towards Bedford, and finally;
- re-join the A421 at the Cardington Cross junction.

We have written to local businesses affected by the works and we would be grateful if you would publicise the works to your parishioners through newsletters and other communications where appropriate. We would advise drivers to allow extra time to complete their journey.

We will do our utmost to complete the works as quickly as possible, avoiding disturbance and keeping noise to a minimum.

To stay informed about all the latest major roadworks happening near you, visit www.gov.uk/government/organisations/highways-england to register for the latest alerts.

If you have any enquiries please contact the Highways England Customer Contact Centre on 0300 123 5000, or by e-mail to info@highwaysengland.co.uk.

Yours Faithfully,

Simon Oakhill,
Construction Manager,
For and on behalf of Highways England

Amey

The Dickerson Industrial Estate, Ely Road, Waterbeach, Cambridge, CB25 9PG
