

# **NEWS RELEASE**

## **FROM**

# **SANDY TOWN COUNCIL**

9 October 2018 for immediate release

Members of Sandy Town Council have been working on a Community Plan for Sandy. The Community Plan will play a vital role in guiding and shaping the work of the Town Council and its interaction with Central Bedfordshire Council. The Plan is evidence of the Council's commitment to collaboration over the future of the area. The Plan will be used to inform local and regional authorities and government bodies about the wishes and expectations of the community.

Sandy Town Council is aware of its legal limitations to effect change as a body in its own right. The Town Council will successfully carry out those functions which it can as an autonomous body to help improve the town, but will also work in partnership with other bodies and community organisations to ensure the best possible provision for Sandy's residents and its future are made, the Community Plan embodies this working together ethos.

The Community Plan was adopted at a Town Council meeting on 17 September. An action list will be brought to a future meeting so that the Council can start addressing the issues highlighted within the document.
